	City, State:
	Phone #:

In order for the school administration to maintain a fiscally responsible program, it is important that all school accounts be paid each month in a timely manner. Please read the following very carefully:

- The Registration Fee is **non-refundable**. Annual amount to cover costs common to the students (i.e. accident insurance, textbooks, yearbooks, etc.) This fee is due at the time of registration and must be paid in advance of entering school.
- The entire balance at month end (including all additional charges) becomes due and payable on the first business day of the respective month. If a payment is not received by the **10th of the month, a \$25 late fee will be applied.**
- If your account is **30 days past due**, you are obligated to contact the office to make payment arrangements. **Students may be suspended** upon accounts becoming **45 days past due** until satisfactory arrangements are made with the finance committee or representative. Report cards, official transcripts, and diplomas will not be released until you have a clear account.
- Students in grades 7-12 must have a current account or arrangements made to become current before a student can take their semester exams in December and in May.
- **Accounts must be paid in full before students will be permitted to participate in any class trips or graduation services.**
- A **\$35 fee** will be charged on all **returned checks**.
- A **5% tuition discount** is offered if full tuition is paid at the beginning of each school semester.
